- Experiential learning
- Authentic Learning Journeys

Exercise Sports Science (ESS)

- ESS is a subject offered to Upper Secondary students that is not commonly offered in many schools.
- GCE O-Level Exercise and Sports Science (ESS) is an **interdisciplinary applied subject** where students would be grounded in the **disciplines of sports science** with an **understanding of sports sociology**

YTzens for The Future: **Our Key Programmes**

Learning Beyond the Classroom

Beyond Classroom Week I

- Developing leadership through outdoor adventure
- Build relationships through making new connections and strengthening friendships
- Discover strengths and areas for growth for better self-management and greater efficacy

Learning Beyond the Classroom

Beyond Classroom Week II

- Part of our Talent Development Programme
- Students choose from a wide variety of modules ranging from academic to digital learning and the aesthetics
- All students go through 'Active Learning Series' modules customised for each level
- Students gain exposure to the evolving work landscapes and become future-ready

Digital Learning

As part of our Culture of Active Learning, we motivate our YTzens to embrace learning in a digital era through training sessions with organisations such as A*Star, learning journeys to integrated VR arcades as well as participating in competitions and the Builder Springboard programme.

Student Updates

 *Snippets from Mr Ng's Morning Messages* 

T3W5: Aspiring for Excellence Together

Yesterday morning, I shared many reasons why we should be proud of our achievements. Y12ers have been highly engaged and doing the school proud at the various competitions, performances and parent milestones. As we celebrate our progress, let us take a moment to appreciate our friends and peers who have been working hard, shining bright, and bringing glory to our school.

These accomplishments are a testament to Y12ers fulfilling our potential, and I attribute them to three main factors:

- 1) The aspiration to excel
- 2) Close partnerships with their teachers
- 3) Active dedication and participation
